Boat Description

2012 Dufour 525 Grand Large for Sale – Elegant Blue-water Cruiser with Upgrades

Discover the 2012 Dufour 525 for sale—a French design that blends performance, comfort, and elegance. Drawn by Felci with interior by Roséo, this 50-foot yacht carries a sleek white GRP hull, teak-laid decks, and a spacious aft cockpit for relaxed cruising. With a generous beam, she offers impressive living space above and below, making her ideal for both ocean passages and coastal adventures.

A Yanmar 4JH4-THE diesel with 1,089 hours provides reliable power. The sail plan features an Elvstrøm in-mast furling main and a roller-furling genoa, both trimmed with Harken electric and manual winches. A retractable bow thruster adds confidence in marinas. At anchor or underway, a Fischer Panda generator and solar panels supply dependable energy.

Below, the interior is bright and welcoming. Three double cabins and a separate crew cabin provide flexible accommodation. The saloon feels open yet practical, with an L-shaped galley set for extended cruising. Comfort features include Cruisair reversible air conditioning and a Samsung 40? TV—amenities that make life aboard feel like home.

Meticulous care and thoughtful upgrades keep this yacht turnkey. Systems have been chosen for easy handling and independence, whether short-handed or with a full crew. The balance of craftsmanship and modern equipment ensures every mile under sail is enjoyable.

Available now for viewings. Contact us to arrange an inspection of this exceptional Dufour 525 for sale.

The condition or level of safety equipment on board is not to be negotiated on following survey. It is likely to be listed by most surveyors but is not structural or an integral working part of the vessel and is not to be used to further negotiate the price down after survey. We strongly suggest that for your own personal safety that when purchasing a yacht you provide new safety equipment rather than relying on second hand gear.

Should you become the new owner of this yacht then the responsibility to re-register or update official bodies for items such as EPIRB, VHF, MMSI or AIS becomes yours.
