Beam:	15.09 feet	Draft:	6.73 feet
Engine Manufacturer:	Perkins	Engine Fuel:	Diesel
Price:	£140,000	Location:	Leros, Greece

Boat Description

Amel Yacht for Sale | Ocean-Ready Cruiser with Extensive Upgrades

CORIANDRE is a well-equipped Amel yacht for sale, built for offshore cruising and comfortable long-term living aboard. Amel yachts have earned a strong reputation for reliability, practical design and bluewater capability. With an impressive specification and a long list of upgrades, CORIANDRE is ready for her next adventure.

A dependable Perkins Prima M80T diesel engine provides reliable propulsion. Meanwhile, a Laser Nettuno M6 generator and twin 175W solar panels support excellent energy independence. The owner has also scheduled a major engine service for 2025. As a result, future owners can cruise with added confidence.

Her navigation package includes Furuno radar with NavNet, B&G Hydra 2 instrumentation, AIS, SSB radio, DSC VHF with cockpit handset and an Autohelm ST7000 autopilot. In addition, new LED navigation lights fitted in 2025 improve visibility. Likewise, a Rocna 40kg anchor with 105m of chain, a Lofrans Tigress windlass, an Amel bow thruster and a MaxProp propeller provide confidence in a wide range of conditions.

The sail wardrobe includes a genoa, mainsail, mizzen and ballooner. Furthermore, a professional rigger inspected the standing rigging in 2021. The offshore inventory also includes a Suzumar dinghy, outboard, liferaft and EPIRB with a new 2025 battery.

Below deck, she showcases the quality and practicality for which Amel yachts are known. The owner upgraded the air conditioning, heating, headlining and watermaker system. In addition, new watermaker membranes were fitted in 2023. A washing machine, dishwasher, fridge-freezer and dehumidifier help make life aboard comfortable. Moreover, two heads with new 2025 pumps and a Seagull water purification system add further convenience.

Recent work includes antifouling, new taps, a new tricolour light, C-Drive and MaxProp servicing, a replacement ground strap and a new stopcock. Together, these upgrades create a capable cruising yacht with proven offshore credentials and an impressive level of equipment.

Finally, CORIANDRE combines practical cruising systems, strong offshore capability and comfortable accommodation in one proven package. Currently lying in **Leros, Greece**, she is available for viewing through Williams & Smithells International.

Construction

White GRP hull

White non-slip integrated GRP deck

White GRP superstructure

Cast iron fin keel

Wheel steering

Blade rudder

Sugar scoop transom

Machinery

Perkins Prima M80T engine 2650 hours recorded manually since 2214 hours
Laser Nettuno M6 diesel generator based on Sole Mini17 engine 1390 hours with 24v and 12v alternators
