The condition or level of safety equipment on board is not to be negotiated on following survey. It is likely to be listed by most surveyors but is not structural or an integral working part of the vessel and is not to be used to further negotiate the price down after survey. We strongly suggest that for your own personal safety that when purchasing a yacht you provide new safety equipment rather than relying on second hand gear.

Should you become the new owner of this yacht then the responsibility to re-register or update official bodies for items such as EPIRB, VHF, MMSI or AIS becomes yours.

Additional Information

Hours: 2,200

Comments

Impressive yacht. One owner from new boat which has been maintained by Sailand, Lefkas, Greece from day one and updated continuously.

Owners version and equipped for easy handling for a couple with electric winches, bow and stern thrusters and furling sails. Below washing machine, dishwasher, 2 separate shower rooms, electric toilets, water maker, generator and of course fully air-conditioned. Ready to go from day one.
