# Boat Description

**2009 Jeanneau Sun Odyssey 50DS | Lithium Power, Solar & Bluewater Ready**

The 2009 Jeanneau Sun Odyssey 50DS combines the comfort of a deck saloon cruiser with the capability required for serious offshore sailing. Designed by Philippe Briand with styling by Vittorio Garroni, she offers panoramic visibility, spacious accommodation and confident handling under sail. Major upgrades including lithium batteries, extensive solar charging, wind generation and a Victron energy management system make her exceptionally well suited to modern liveaboard and long-distance cruising.

The owner’s layout features a luxurious forward master suite with private ensuite and writing desk, complemented by two aft double cabins and a bright, raised saloon. Reverse-cycle air conditioning, generous headroom and large wraparound windows create a comfortable living space both at sea and in harbour.

Powered by a 110hp Yanmar shaft-drive diesel with folding propeller and bow thruster, she is equipped for easy short-handed sailing. Her in-mast furling rig, electric winch and Harken mainsail system simplify sail handling, while a comprehensive Raymarine electronics package includes radar, AIS and twin autopilots. Additional highlights include a Paguro generator, stainless steel solar arch, dinghy davits, Besenzoni hydraulic passerelle, cockpit cushions, sprayhood and bimini.

Currently lying in **Ka?, Turkey,** this highly specified Sun Odyssey 50DS offers an outstanding combination of comfort, self-sufficiency and proven bluewater capability.

## Construction

GRP hull and superstructure
Teak side decks, cockpit and swim platform
Twin rudders
Spacious deck saloon design
Philippe Briand interior styling
Garroni Design cockpit and deck layout
Very seaworthy cruising yacht

## Machinery

110 HP Yanmar 4JH4 TE 4-cylinder diesel engine
Shaft drive propulsion system
3-blade folding propeller
Bow thruster
6.5 KVa Paguro 6500 marine diesel generator
December 2025 engine service completed
December 2023 shaft and propeller maintenance completed

## Electrics

900W solar power system
3 x 235W stern-mounted solar panels
2 x 150W flexible solar panels
Victron charging and power management system
Wind generator
Lithium service batteries installed 2021
Very good condition lithium battery bank
Engine battery replaced November 2022
Bow thruster batteries replaced November 2023
Inverter system installed

## Tankage

425ltrs Fuel capacity
850ltrs Water capacity

## Accommodation

3-cabin owner’s layout
Forward owner’s cabin with writing desk
En-suite forward bathroom with electric toilet, sink and shower
2 aft double cabins
Electric aft toilet with sink and shower
2 reverse-cycle air conditioning systems
12V fans throughout cabins and saloon
Wrap-around deck saloon visibility

## Domestic

3-burner gas hob with oven
Double stainless steel galley sink
Additional galley foot pump
7kg washing machine
Mart? drinking water filtration system
Stainless refrigerator with front and top access
Deep freezer requiring maintenance
Flat screen TV in saloon
Flat screen TV in forward cabin

## Deck

35kg Delta main anchor
85m 12mm anchor chain
CQR spare anchor
Danforth spare anchor
Lewmar cockpit remote electric windlass

Twin anchor rollers
Besenzoni hydraulic gangway
Sprayhood and bimini with custom boom blinds
2021 saloon window sun blinds
Cockpit table and winch covers
Cockpit cushions
Stainless steel stern arch for solar panels
