Beam:	11 feet	Draft:	6 feet
Engine Manufacturer:	Yanmar	Engine Fuel:	Diesel
Price:	€40,000	Location:	Leros, Greece

Boat Description

Dehler 36CWS for Sale | Proven Performance Cruiser with Recent Upgrades

The Dehler 36 CWS is a well-regarded performance cruiser, combining responsive sailing with the solid build quality for which Dehler is renowned. Sithonia has cruised extensively through Greek and Turkish waters as a privately owned yacht and has never been chartered. She has been carefully maintained throughout her life and is ready for her next adventure.

Powered by a reliable Yanmar 3GM30F 24hp diesel engine, she has been serviced annually, most recently in 2026. New domestic and engine batteries fitted in 2024, together with shore power and a battery monitoring system, provide dependable onboard electrical performance. She also benefits from new standing rigging and a Furlex roller-furling system, both installed in 2024.

Below deck, Sithonia offers comfortable accommodation for up to five, with two cabins and an additional berth in the saloon. Refreshed upholstery, new foam mattresses and updated cabin linings create a bright, welcoming interior. The practical galley, navigation station and heads with shower make extended cruising comfortable.

Her cruising inventory includes a Lewmar electric windlass, swimming platform, cockpit shower, a 2025 Arimar tender with Suzuki outboard. She has a comprehensive safety package, including a new four-person liferaft purchased in 2026.

Well maintained and thoughtfully upgraded, Sithonia combines proven sailing performance with practical cruising comfort. With recent rigging upgrades, reliable machinery and a generous cruising inventory, this Dehler 36 CWS is ready to step aboard and enjoy from day one.
