Hull Material:	Wood	Year:	2008
Length:	43.47	LWL:	11.02
Beam:	11.48	Draft:	5.25
Engine Type:		Engine Fuel:	Diesel
Price:	€95,000	Location:	Mali Losinj, Croatia

Boat Description

Enavigo Cutter 43 Overview

The Enavigo Cutter 43 is a masterfully designed sailing vessel, inspired by the rugged and seaworthy English workboats. Built for both seasoned sailors and those new to offshore cruising, it combines a heavy build, a powerful engine, and a generous sail plan to deliver a smooth and secure passage across any ocean. Whether navigating coastal waters or setting course for distant horizons, this cutter is a reliable and capable companion for adventurous spirits.

Stability and Comfort

With a long keel providing exceptional stability and directional control, the Enavigo Cutter handles challenging sea conditions with ease. Its design enhances efficiency in tidal waters while reducing risks associated with submerged obstacles, offering peace of mind on extended voyages. Large integrated water and fuel tanks ensure self-sufficiency, while the spacious cabin—remarkably generous for a vessel of this size—provides ample headroom, fresh air, and natural light, making life aboard exceptionally comfortable.

Maintenance and Construction

Thanks to advanced WEST technology, maintenance is effortless, eliminating concerns typical of traditional wooden boats. Every detail, from construction to onboard equipment, is carefully selected from world-leading manufacturers to ensure reliability and performance. Whether embarking on long-distance passages or leisurely coastal cruising, the Enavigo Cutter 43 is built to carry you wherever your horizon leads.

Construction

- 25mm x 35mm red cedar planking over male mould, epoxy bonded
- Diagonal 2 x 3mm khaya veneer overlay at 45 degrees, epoxy bonded
- 2 layers of 350gsm glass/epoxy sheathing, faired with epoxy fillers and coated with Awlgrip paint
- Inner hull below the waterline coated with 2 layers of 350gsm glass/epoxy
- 3,060 kg stainless steel ballast box with lead, secured with 16 bolts (M16)
- 10-year hull warranty

Machinery

- Yanmar 3JH4E marine diesel
- 39 hp at 3000 rpm
- Approx 1500 running hours

- KM35A gearbox
- Acid-proof propeller shaft with 21" bronze propeller and lubrication system
- Aquadrive anti-vibration system installed
- Approximate cruising range: 520nm
- Well-ventilated engine room with dedicated lighting and access on all sides

Electrics

- 12v and 220v onboard circuits
- 2 x 110amp/h Domestic batteries
- 75amp/h for engine start battery
- 110amp/h Bow thruster battery
- 2 x Separate main switches and blocking diode
- 12V/80A alternator charging system
- Inverter 220V 500W
- Automatic fuses for all appliances
- 12V plug on instrument panel
- Pre-wired for solar panels and generator upgrade
- Shore power with 25m cable

Tankage

- 700-litre Fresh water capacity under cabin sole, integrated into hull structure
- 300-litre Fuel tank with proper ventilation
- 80-litre Blank tank
